The patentees never received notice that the request was denied but discovered a copy of the denial in PAIR.

Point to be Reviewed

The point to be reviewed is whether the requirements of 37 C.F.R. § 3.81 should be waived and a Certificate of Correction can be issued to correct the assignee information for U.S. Patent 6,773,695 to add the University of Zürich.

Action Requested

The patentees request that the requirements of 37 C.F.R. § 3.81 be waived and a Certificate of Correction can be issued to correct the assignee information for U.S. Patent 6,773,695 to add the University of Zürich. The patentees also request, if the petition is granted, that the file be forwarded to the Certificates of Correction Branch for issuance of the Certificate

of Correction. A copy of the Request for Certificate of Correction is available in PAIR. If an additional fee is due, charge our Deposit Account No. 19-0733.

Respectfully submitted,
